

## First Grade Supply List

Please provide your child with a school bag with his/her name on it and large enough to carry papers, folders, and library books. Zipper backpacks work better than the drawstring or wheeled types.

Each child should have a lunchbox with a freezer pack to keep lunches cold AND a cloth napkin or washcloth to use as a placemat.

Please send your child's snack in a separate container or zip-lock bag that can be taken outside at snack time. We ask for your assistance in providing healthy snacks like fruits or vegetables during snack time.
